STATEMENT UNDER 37 CFR 1.133

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This paper is submitted pursuant to an Official Letter dated September 23, 2005 from the Examiner in charge of this application. That paper was in the form of an Interview Summary by the Examiner and included a one-month period for submission of a Statement of the Substance of an Interview by the applicant which period is set to expire on October 23, 2005.

The Interview was in the form of a telephone inquiry by the undersigned attorney regarding the submission of a reference to be cited in support of a response to an Official Action from the USPTO. The Interview did not go to the merits of the claims in any respect and had only to do with the question of submitting the reference with the response so that the response could be

faxed into the USPTO rather than having to include the reference in a separate IDS with other lengthy materials which would have to be mailed.

The description contained in the Substance of the Interview made of record by the Examiner regarding the submission of the journal article is essentially correct and, it is believed, need not be repeated here.

Respectfully submitted,
NIKOLAI & MERSEREAU, P.A.
